DRAWING AUTHOR, Working Drawings

Drawing author as documented by this archive. Jack Howe annotated the drawings that he had done and drawings that other apprentices had done (his first hand knowledge) in the following publications:

- Monograph series Vol. 5,6,7,11 & 12. He did not do Vol. 8, 1951-1959
- Drexler, The drawings of Frank Lloyd Wright
- Kaufmann, Frank Lloyd Wright Drawings
- Horizon Press, Three volume set of in color drawings

Curtis Besinger, at my request, made the same notations in the same publications with the inclusion of the Monograph Vol. #8 up to the time he left Taliesin in June of 1956.

Other attributions are drawn from any other publications including the catalogs of 1990 show at the Phoenix Art Museum and the 1994 show at the Museum of Modern Art, in New York. In addition there are attributions from my own first hand knowledge, with some obvious guess work. All attributions are documented

in the DRAWINGS FILE of this data base.
